## Ground-Source Heat Pump 2012 Rebate Application

**Nobles Cooperative Electric, PO Box 788, Worthington, MN 56187 Ph: 507-372-7331**

### Specific Rules and Qualifications

**1.** Documents establishing proof-of-purchase (invoice) must be included when the original rebate application is completed.

**2.** On the documents establishing proof-of-purchase, circle the energy-saving products for which a rebate is requested and attach to the original application. If not indicated on the invoice, please add the number of units installed, manufacturer, model number and capacity (in tons).

**3.** Submit the manufacturer's data sheets with the rebate application. The sheets must show efficiency ratings in accordance with the most recent ARI Standards and must contain efficiency information.

**4.** Only new and complete installations with a new loop field ground-source heat pump unit qualify. Replacement heat pumps with existing loop fields may qualify under the custom grant process.

### Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by the cooperative. The cooperative shall not be responsible or liable for any personal injury or property damage caused by this equipment. The cooperative does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall the cooperative be liable for any incidental or consequential damages.

### Other Important Program Rules

1. Installation must be complete before funds will be issued for the rebate.
2. Members and vendors must submit itemized equipment invoices, along with rebate application and worksheet to the cooperative. To ensure that the equipment installed meets the cooperative's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all equipment included in the rebate.
3. The cooperative reserves the right to conduct random inspections of installations.
4. The member is responsible for checking with the cooperative to determine whether funding is available and to verify program parameters.
5. Project must comply with all program specific rules and qualifications.
6. Qualifying members must apply for 2012 rebates no later than November 16, 2012.

### Minimum Qualifying Criteria

Equipment Type	Minimum Efficiency		Base Rebate, \$/ton	Specific Rules
<b>Geothermal Heat</b>	EER	C.O.P.		
Closed Loop	≥ 11.7	≥ 3.0	\$200	ARI Standard 13256-1 (EWT @ 32° F Heating & 77° F Cooling)
Open Loop	≥ 13.5	≥ 3.3	\$200	ARI Standard 13256-1 (EWT @ 50° F & 50° F Cooling)

EER - Energy Efficiency Ratio (Btu/Watt)

C.O.P. - Coefficient of Performance

### Geothermal Heat Pump

Manufacturer	Model Number	EER	C.O.P	A	B	Rebate A x B x \$200
				# Units	Tons/Unit	
						\$ -
						\$ -
						\$ -
						\$ -
						\$ -
						\$ -
Total Rebate = # of Units x Tons/Unit x \$200					<b>Project Cost</b>	\$ -
Rebate must comply with all program specific rules and qualifications.						<b>Rebate</b> \$ -

### Additional Required Information

Building square feet \_\_\_\_\_

Earth loop specifications (vertical, horizontal, slinky, open) \_\_\_\_\_

Heat output (Btu's) \_\_\_\_\_
