A SIMPLE SWITCH CAN
change a room's feel.

Whether preparing a meal or hosting a get-together, CFLs can brighten your kitchen's mood. They're more energy-efficient compared to standard incandescent bulbs and last up to ten times longer, through thousands of breakfasts, lunches and dinners. Switching to CFLs can create good feelings about your budget, too.

SAVE \$3

from April 1 – July 31, 2010

Look for your coupons on page four of the April edition of *Current Matters* on GE Energy Smart® CFL light bulbs. Or get \$2 in instant savings at a participating Walmart store.

Because of the presence of mercury, CFLs must be recycled. In Minnesota, it is illegal to place them directly in the garbage.
